

MINIMALLY INVASIVE SPINE SURGERY INSTITUTE

John S. Shiau, MD, FACS, FAANS

FOR IMMEDIATE RELEASE:

Minimally Invasive Spine Surgery Institute (MISSI) Opens on Park Avenue

The **Minimally Invasive Spine Institute (MISSI)** is proud to announce the grand opening of our new neurosurgical office located at **15 Park Avenue, Suite 1S**. MISSI recently began treating patients for a wide variety of neurosurgical ailments and is currently open to care for the patients of the local community.

MISSI is proud to offer the services of board-certified Neurosurgeon **Dr. John S. Shiau**. With more than a decade of neurosurgical experience within the New York tri-state area, Dr. Shiau's growing reputation and expertise in the field of Minimally Invasive Spine Surgery have earned him consideration as one of New York's leaders in the field. Dr. Shiau's hospital affiliations are numerous and include both Lenox Hill and Mount Sinai Medical Center in New York City.

The opening of this location serves as a continuation of the stellar care Dr. Shiau has been providing New Yorkers for decades. It is this commitment to comprehensive neurosurgical care that has led to his outstanding reputation as one of the top neurosurgeons in the New York metropolitan area. This facility is currently open and treating patients. To make an appointment, call us today at **212-886-1097**.

For more information on our new facility, visit us online at **www.shiaunycspine.com**.
